

Preschool Newsletter

June 2022

Our Topic

Our topic for June is 'Healthy Eating'. We will be providing various activities to relate to this topic. However the Birth to Five Matters states that planning should follow your child's interests and individual needs therefore the topic will be changed if a child shows a particular interest.

Dates for Your Diary

6th June 2022 – Pre-school re-opens
28th June 2022 – Annual Walby Farm Park Trip
20th July 2022 – End of Year Party – Monkey
Madhouse
20th July 2022 – Pre-school closes for summer
7th September 2022 – Pre-school re-opens

Letters will follow regarding trips and graduation.

Home Learning

Please encourage your child to:-

- Put their own socks and shoes on.
- Do daily tasks and things for themselves at home. For example, tidy their toys away.
- Observe changes in their environment when you're out and about.

Sun Cream/Sun Hats

Now the weather is hopefully starting to get warmer, please could you apply sun cream on your child before bringing them to preschool. If your child attends preschool all day, please provide a bottle of sun cream so we can apply it throughout the day. Your child will also require a sun hat as we will be spending more time outside.

Smile For Life

As you are aware, we are apart of the Smile For Life Campaign. The children have adapted to the routine of brushing their teeth after lunch very well. They have been amazing, well done Pre-schoolers! If you have any questions, please don't hesitate to ask a member of staff.

Did you know that children should be visiting the dentist from birth! Also, children should be seen at regular intervals of between 3 and 12 months.

Father's Day

This year Father's Day is on Sunday the 19th of June 2022, therefore all of the children will be making a card for someone special the week before.

June Birthdays

We would like to wish Leo, Ezmay, and Thea a big **HAPPY BIRTHDAY!** We hope you have a lovely day celebrating!

Reading with your Child

There has been a deepening recognition of the fundamental importance of improving reading standards on a child's future academic achievement, well-being, and success in life. Reading with your child or beginning to teach your child early reading skills has many benefits, including: strengthening you and your child's bond, developing confidence to read, recognising early reading skills, supporting their language skills and learning new language. Therefore, we strongly encourage you to read with your child to support their holistic development.
